PRECLEANING SYSTEMS

Efficient systems for cleaner in-hull products!

Sand Screens

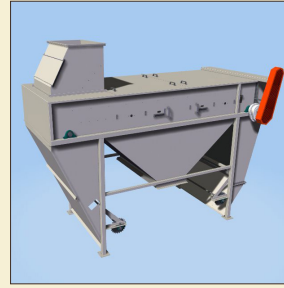

Sand screens remove sand, dirt and other small debris.

Destoners

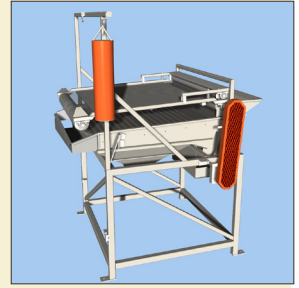

Destoners remove rocks and stones from product.

Stick Reels

Stick reels remove large sticks and foreign matter.

Detwiggers

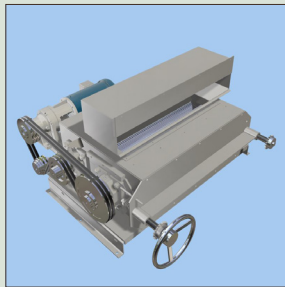

Detwiggers remove twigs and smaller sticks.

HULLING/SHELLING SYSTEMS

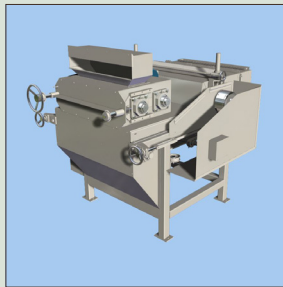

Remove hulls and shells without damaging kernels!

Hard Shell Crackers

Our crackers condition hard shell varieties for shelling.

Shear Rolls

Shear rolls remove the hull and shell from the kernel.

Decks

Our decks remove kernels from inshells and hulls.

Classifiers

Classifiers separate kernels from hulls and shells.

ELEVATORS, SIZERS, SORTERS & PACKING SYSTEMS

Full-scale customization to meet your needs!

Elevators

Our elevators gently transport material.

Sizing Lines

Produce volumes of quality product with sizing lines.

Hand Sorting Lines

Sorting tables provide safe, sanitary sorting lines.

Packing

We supply all you need to pack out the product.

AUTOMATED SYSTEMS

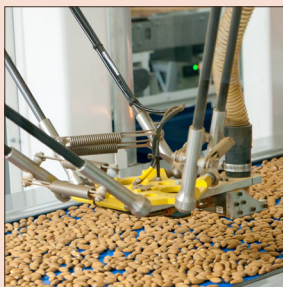

Increase throughput without sacrificing quality!

Color Sorting

Precise electronic color and shape sorting delivers a superior product.

Robot Sorting

Electronics and robotics enable accurate, high speed sorting.

Sorting Lines

Combine hand sorting with electronic sorting to enhance productivity.

Finishing

Package, seal and label product efficiently and accurately.
